

POLICY FOR LEAF PICK-UP:

Residents may rake their leaves to the edge of their yard to be picked up by MPW. Leaves should not be in the ditch as this poses drainage issues nor should they be in the street as this causes traffic hazards. Leaves should not contain other debris such as limbs or trash; they should not be placed on top of or around any structures or utility lines as this is a safety risk to our employees and machinery. Leaves are picked up by Wards and are rotated for equal opportunity to all residents. Customarily it takes 3-4 weeks to make a full trip around town so we ask that you please be patient during this very busy time. Leaf season begins at the end of mowing season which is typically the week before Halloween and continues to the end of February if possible. When leaf season ends, all leaves must be bagged or boxed and they will be gathered on your regular trash route day.

PRIDE. PASSION. PURPOSE.
