March 30, 2020

To All Citizens of Milan:

The City of Milan officials announced today the immediate closure of all City Park amenities except for the walking trail until further notice.

The decision to close additional facilities was based off the recommendations from the CDC and the Tennessee Department of Health and out of an abundance of caution for public safety.

While we want to offer people safe and viable recreational options during this time, we also want to make sure we help flatten the curve of the COVID-19 pandemic. We realize this may seem like a simple matter, however, there are many factors involved and our main goal is to ensure the safety of everyone.

Our walking trail will remain open; however, we urge you to follow the CDC's minimum recommended social distancing of six feet from other people. If we see this guideline is not being followed, we will take the next step and close our trail.

Once again, the City encourages everyone to remain at home, stay safe, stay calm and be responsible.

Mayor BW Beasley
